Frequently Asked Questions

Q. Are you a BOPP tape jumbo rolls manufacturer in India?

Yes — Wellpack Polyplast is a BOPP tape jumbo rolls manufacturer with head office in Ahmedabad, Gujarat and a 70,000 sq ft manufacturing facility at Patan, Gujarat. We coat 1315 mm jumbo rolls on our fully automatic BOPP coating line in 36–55 µm and export to 18+ countries.

Q. What sizes of BOPP jumbo rolls do you manufacture?

Standard 1315 mm × 3000 m / 4000 m / 4500 m in 36 µm to 55 µm thickness. Custom widths and lengths are available on request from our export sales team.

Q. Do you offer coloured or printed jumbo rolls?

Yes — transparent, brown/tan, coloured (black, red, blue, custom) and printed BOPP jumbo rolls are all available. Custom peel/shear performance can be tuned to your slitting line.

Q. What is your MOQ for BOPP jumbo roll exports?

Our standard export MOQ is 1 × 20' FCL. LCL / trial shipments may be arranged for qualified converters and distributors — please contact our sales team.
